

Survey Questions – Blackburn to Mitcham Activity Centres.

Multiple choice options on most questions.

Survey closing date 22nd March 11.59pm 2026.

- What train and tram zone activity centre would you like to provide feedback on?
- What is your interest in train and tram zone activity centres?
- To what extent do you agree that we need to deliver more new homes close to jobs, services, and transport around Melbourne?
- To what extent do you agree that we need to deliver more new homes close to jobs, services, and transport around Melbourne?
- To what extent do you support change in your area to deliver more homes? **500 Characters – 250 Words**

Starting point maps

- Are there any other streets where people spend a lot of time and should have extra sun protection to the footpath?
- We've identified a range of key pedestrian links. These are new or improved connections that help you move around your activity centre. **250 Characters – 50 Words**
- Are there any other key pedestrian links that should be considered? **250 Characters – 50 Words**
- Are there any other favourite places that should be added? **250 Characters – 50 Words**
- Rank in order of importance what would make your activity centre better.
- Are there currently any locations where barriers exist that prevent you from easily accessing services? **250 Characters – 50 Words**
- Are there any locations in your area where barriers make it difficult, unsafe or inefficient to travel locally? These could include things such as traffic signal timing, intersection layouts, missing crossings or paths or other small changes that could significantly improve how people move around. **250 Characters – 50 Words**
- Sporting and other community facilities often contribute to social connection and community development. Are there any existing facilities that the community would benefit from if they were improved? **250 Characters – 50 Words**

Core Heights Maps

- What range of heights do you think are suitable for the core of your area?
Required (6 storeys the starting point)

- Where do you think the proposed highest building heights in the core should be located? 1500 Characters – 250 Words
- Do you recommend changes to building heights in the core? 250 Characters – 50 Words
- Do you have any other feedback on proposed heights? 1500 Characters – 250 Words

Boundary Maps

- When determining the boundaries we consider a range of factors and balance consideration. Please rank the below considerations in order of importance to your area.
- Based on this, are there any areas that should be included or excluded from the proposed boundary as shown on the map?
- Do you recommend changes to the extent of the inner and outer catchment? 1000 Characters – 150 words
- Do you have any other feedback about your proposed train and tram zone activity centres? 2500 Characters – 500 words

Written submissions can be lodged to activity.centres@transport.vic.gov.au.
